

# LECHILLER

LeChiller, the smarter you chill, the better you serve

LECHILLER™ is the instantaneous cooling solution for restaurants, hotels, tasting bars and large and medium sized food retailers. A professional bottle cooler that challenges the traditional wine cellar thanks to a unique control of the temperature, only cooling the bottles you serve.

3 individual timers from 1 to 9 min to reach the perfect temperature

Low-power consumption

Dry labels

Visual and/or sound signal

3 Individual pockets including 1 Magnum size
