MADE IN FRANCE

Our cellars and wine by the glass solutions are designed and manufactured in France

EuroCave, creator of the wine cabinet in 1976

Designer and manufacturer of solutions for maturing, serving and displaying wine, for more than 45 years, EuroCave has been creating products to meet all of your needs. Our 500 models of wine cabinets, storage systems, cellar conditioners and cigar humidors are manufactured in France, in a small town called Fourmies in Nord, the brand's historic birthplace. Our products undergo strict testing and are all guaranteed to store your wine in the best possible conditions. "300,000 customers throughout the world, 30,000,000 bottles stored, the finest wines protected, highly regarded by many sommeliers, inventor of the wine cabinet in 1976, the only name you need to remember for your wine storage needs... EuroCave."
